

To: CF Doctors and Care Providers
Re: College Scholarships for CF Patients

Page's Run began in memory of my daughter, Page Whetsell, who passed away from complications of cystic fibrosis June 3, 2005. Shortly thereafter, Page's Memorial Foundation was created to raise awareness of CF, raise money for the CF Foundation, and award scholarships for college and college-bound students with cystic fibrosis.

Over the past five years we have raised over \$160,000, donated to the Cystic Fibrosis Foundation, and have awarded almost \$100,000 in scholarships to 21 students. Though our race will not be held this year for various reasons, the 5K race will be back October 2, 2011. We will, however, award scholarships this year through donations we receive.

My husband and I know all too well how the medical expenses add up when your child has CF regardless of insurance coverage, which often puts a financial strain on families and leaves little money left for education.

Please encourage your patients (in college or seniors in high school) to apply for one of our scholarships. There are attached forms for those interested and applications should be returned by August 15. The winners will be announced September 1.

Applications should be mailed to:

Page's Memorial Foundation
c/o Jane Whetsell

If you have any questions about Page's Run or our scholarship program, please contact me at (301) 765-1819 or by email: jumpinjanie3@aol.com, or check our website, [www. Pagesrun.com](http://www.Pagesrun.com).

All of you are so wonderful for giving so much of your time and hearts to your patients, like you did for Page. You really make a difference in their lives!

Sincerely,

Jane Whetsell
